MDGs

SDGs

SUSTAINABLE DEVELOPMENT GOALS (2015 – 2030)

GOALS
Development

LET'S GET THE JOB DONE

Goal 11: “make cities and human settlements inclusive, safe, resilient, and sustainable”

1. The Agenda 2030:

**A global commitment expressed in the
Sustainable Development Goals – SDG's**

2030 Agenda for Sustainable Development

1 Agenda

5 Main Areas

17 Goals

169 Targets

240 Indicators

1 NO POVERTY

2 NO HUNGER

3 GOOD HEALTH

4 QUALITY EDUCATION

5 GENDER EQUALITY

6 CLEAN WATER AND SANITATION

7 RENEWABLE ENERGY

8 GOOD JOBS AND ECONOMIC GROWTH

9 INNOVATION AND INFRASTRUCTURE

10 REDUCED INEQUALITIES

11 SUSTAINABLE CITIES AND COMMUNITIES

12 RESPONSIBLE CONSUMPTION

13 CLIMATE ACTION

14 LIFE BELOW WATER

15 LIFE ON LAND

16 PEACE AND JUSTICE

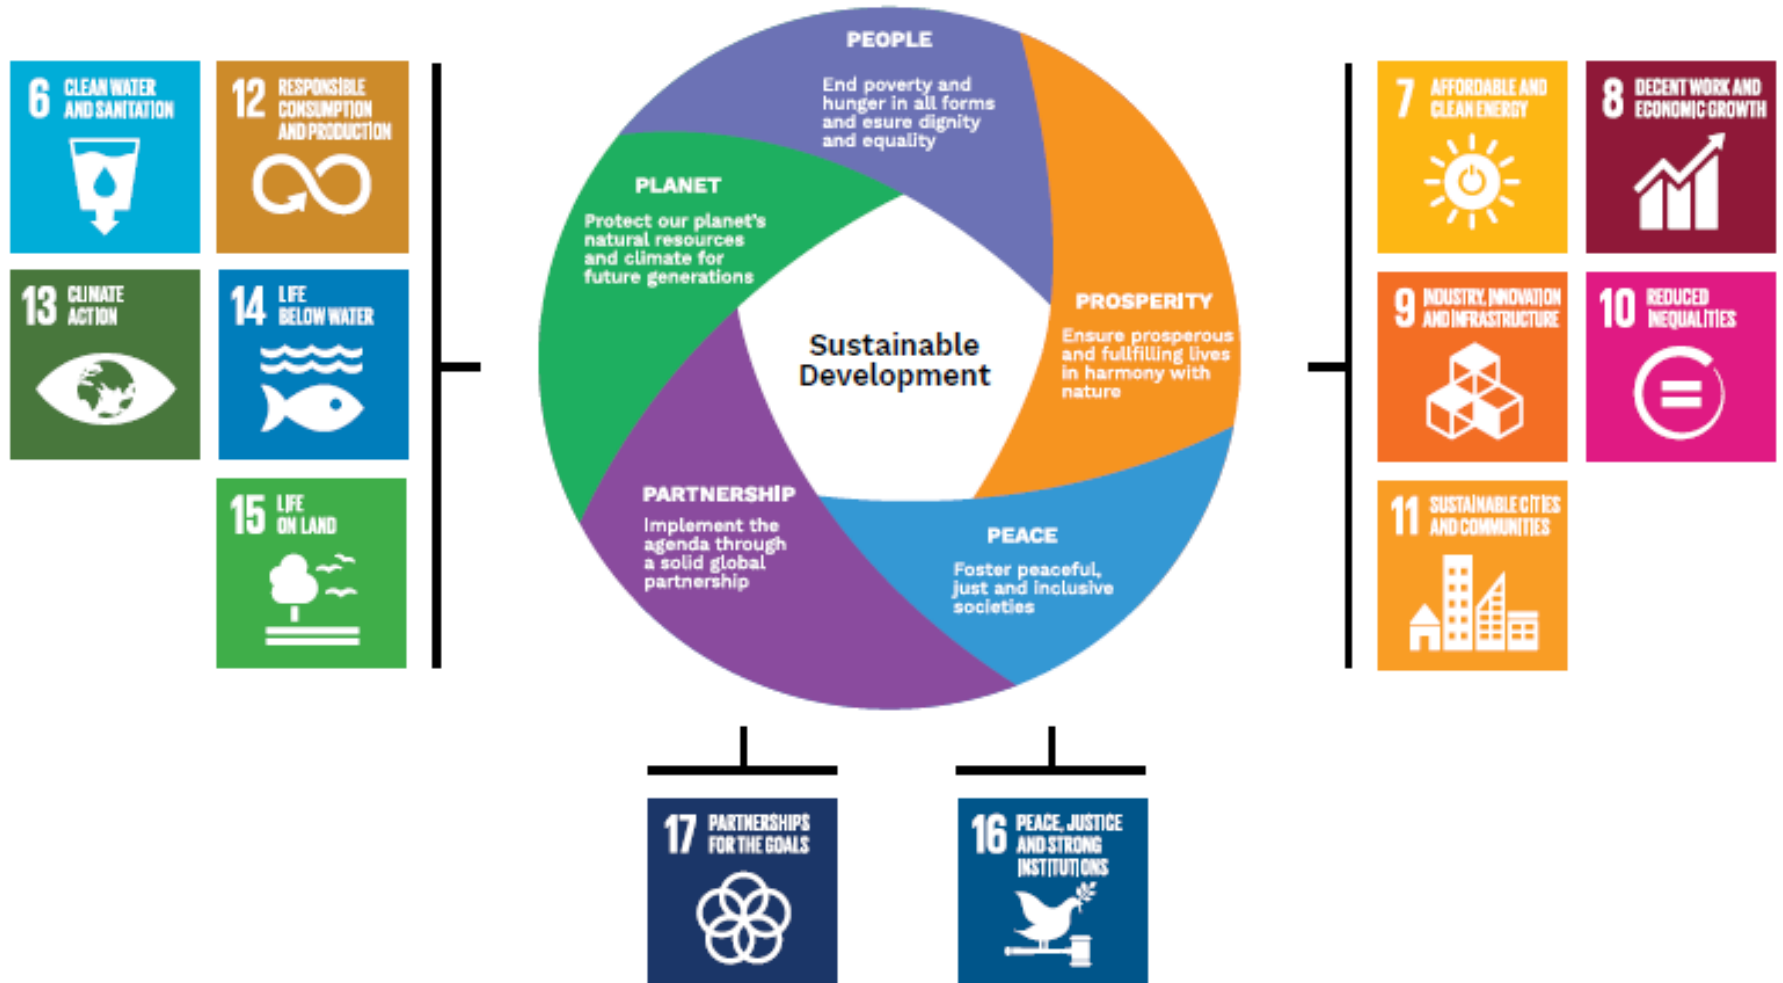

17 PARTNERSHIPS FOR THE GOALS

THE GLOBAL GOALS
For Sustainable Development

Tier 1:

Indicator conceptually clear, established methodology and standards available and data regularly produced by countries

Tier 2:

Indicator conceptually clear, established methodology and standards available but data are not regularly produced by countries

Tier 3:

Indicator for which there are no established methodology and standards or methodology/standards are being developed/tested

SDG Indicators with Urban Component

240 Indicators are part of the Global Monitoring Framework adopted by the Statistical Commission

Around one third of them can be measured at the local level

Direct connection to urban policies and clear impact on cities and human settlements

Local and National Targets

1. It is internationally agreed that the national targets of the SDGs will now need to be localized and addressed at sub-national levels.
2. Cities will therefore need to align the targets with their local development plans and city development strategies in order for the targets to be met at national and global levels.

Monitoring

There must be a system in place that should monitor progress towards agreed objectives, examine obstacles to implementation, identify successful approaches, and suggest changes and remedy actions to those policies deemed ineffective to meet internationally agreed goals

NATIONAL SDG INDICATOR FRAMEWORKS: STATUS AND NEEDS

Source: A. Demberel, Director, , National Accounts and Research Department,, NSO, Mongolia .
30-31 May, 2017

II. Mapping national indicator frameworks to the global SDG indicator framework

Joint Review of National Data Availability
for SDGs
by NSO and UNDP in December, 2015

		SDG indicators
Total SDG		224
Not applicable to MGL		13
Total SDG assessed		211
Number of MGL SDG indicators		257
Status of the Indicator	Readily available	45
	Available after little effort	64
	Available after more effort	28
	Available if data collection changed	72
	From external institution	5
	Not clear/Don't know	21
	Grey on standby	22
Remained/Rephrased/ Split	Remained	142
	Rephrased	18
	Split	63
	Don't know	34
Number of indicators split from GSDG		17

A re-assessment of National Data
Availability
for SDGS by NSO in March, 2016

		SDG indicators
Total SDG		241
Not applicable to MGL		13
Number of MGL SDG indicators		228
Status of the indicators	Readily available	60
	Available after additional calculation	11
	Not available	157

• 228 indicators out of 241 in SDGs assumed to be applicable for Mongolia, 71 are available from the current statistical framework.

• 157 are not available and needs further research for other potential sources.

III. Tier 1, 2, and 3 indicators: data availability, quality and challenges

Global SDG indicators at the national level, by tiers, as of 21 December, 2016

Goal No.	Name of goals	Target s	Indicator s	Tier		
				1	2	3
1	End poverty in all its forms everywhere	7	12	4	1	7
2	End hunger, achieve food security and improved nutrition and promote sustainable agriculture	8	14	2	0	12
3	Ensure healthy lives and promote well-being for all at all ages	13	26	12	3	11
4	Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all	10	11	2	0	9
5	Achieve gender equality and empower all women and girls	9	14	2	3	9
6	Ensure availability and sustainable management of water and sanitation for all	8	11	0	4	7
7	Ensure access to affordable, reliable, sustainable and modern energy for all	5	6	2	0	4
8	Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	12	17	6	2	9
9	Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation	8	12	3	1	8
10	Reduce inequality within and among countries	10	11	1	1	9
11	Make cities and human settlements inclusive, safe, resilient and sustainable	10	15	1	1	13
12	Ensure sustainable consumption and production patterns	11	13	0	0	13
13	Take urgent action to combat climate change and its impacts	5	7	1	0	6
14	Conserve and sustainably use the oceans, seas and marine resources for sustainable development	10	10	0	0	10
15	Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss	12	14	3	0	11
16	Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels	12	23	1	1	21
17	Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development	19	25	0	1	24
TOTAL		169	241	40	18	183

Tier 1: Indicator conceptually clear, established methodology and standards available and data regularly produced by countries

Tier 2: Indicator conceptually clear, established methodology and standards available but data are not regularly produced by countries

Tier 3: Indicator for which there are no established methodology and standards or methodology/standards are being developed/tested

Republic of the Philippines

Philippine Statistics Authority

PHILIPPINES

Source:

Lisa Grace S. Bersales, National Statistician and Civil Registrar General, Philippine Statistics Authority, 24-25 October 2016;

Wilma A. Guillen, Social Sectors Statistics Service, Philippine Statistics Authority, 23 June 2016.

1. For monitoring some of the SDG indicators

GOAL	TARGET	INDICATOR	TIER	REMARKS
Goal 5: Achieve gender equality and empower all women and girls	Target 5.B: Enhance the use of enabling technology, in particular information and communications technology, to promote the empowerment of women	5.B.1 Proportion of individuals who own a mobile telephone, by sex	2	Information from TelCos on mobile phone users data can serve as useful input for this indicator

1. For monitoring some of the SDG indicators

GOAL	TARGET	INDICATOR	TIER	REMARKS
Goal 11: Make cities and human settlements inclusive, safe, resilient and sustainable	Target 11.2: By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities	11.2.1 Proportion of population that has convenient access to public transport, by sex, age and persons with disabilities	3	location-aware social media and mobile apps can be tapped as big data source; Then apply techniques to the data like: sentiment analysis or opinion mining

II. Potential Roles of Big Data in the PSS

GOAL	TARGET	INDICATOR	TIER	REMARKS
Goal 16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all, and build effective, accountable and inclusive institutions at all levels	Target 16.b: Promote and enforce non-discriminatory laws and policies for sustainable development	16.b.1 Proportion of population reporting having personally felt discriminated against or harassed in the previous 12 months on the basis of a ground of discrimination prohibited under international human rights law	3	Information from social media or mobile data might be able to serve as useful for this indicator

Highlights of Results

Tier Classification of Indicators at the National Level

Tier 1 – with established methodology , regularly collected

Tier 2 - with established methodology, data not regularly collected

Tier 3 - no established methodology, methodologies are being developed/tested

SDG Indicators Classified as Tier 1, by Goal

2.

The SDG 11:

**Make cities and human settlements
inclusive, safe, resilient and sustainable**

Goal 11

Make cities and human settlements inclusive, safe, resilient and sustainable

The 2030 Agenda for Sustainable Development gives a prominent role to urbanization and cities with the inclusion of a **stand-alone goal** for cities and human settlements.

- Recognition that cities are a string that connects all other goals together
- Interactions are important to formulate integrated policies that enhance the transformative role of urbanization

Goal 11

Make cities and human settlements inclusive, safe, resilient and sustainable

10 Targets

- 11.1 Housing and Slums
- 11.2 Sustainable Transport
- 11.3 Participatory Planning
- 11.4 Cultural Heritage
- 11.5 Disaster Reduction
- 11.6 Air Quality and Waste Management
- 11.7 Public spaces
- 11.a Rural-urban and regional planning
- 11.b Mitigation of Climate Change, Resilience
- 11.c LDCs support – buildings

Goal 11 - Indicators

Goal 11: Make cities and human settlements inclusive, safe, resilient and sustainable

Targets		Indicator
11.1	By 2030, ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums	Proportion of urban population living in slums, informal settlements, or inadequate housing UN HABITAT FOR A BETTER URBAN FUTURE
11.2	By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons.	Proportion of the population that has convenient access to public transport disaggregated by age group, sex and persons with disabilities UN HABITAT FOR A BETTER URBAN FUTURE
11.3	By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries.	Ratio of land consumption rate to population growth rate Percentage of cities with a direct participation structure of civil society in urban planning and management which operate regularly and democratically UN HABITAT FOR A BETTER URBAN FUTURE

Goal 11: Make cities and human settlements inclusive, safe, resilient and sustainable

- 3** global consultations about indicators – once targets were decided
(Member States/ Stakeholders / UN Agencies)
- 3** platform for online comments
- 2** ratings of proposed indicators (Tiers 1 to 3 – color codes)
- 3** Inter-Agency and Expert Group (IA-EG) (1 NY and Bangkok, Mexico)
- 2** Reports (IA-EG for UNSC and SG Report about Implementation)

Goal 11: Make cities and human settlements inclusive, safe, resilient and sustainable

SDG 3.6 Road Safety

SDG 6.2 Sanitation

CPI and the SDGs

A tool to monitor and implement the SDG urban-related goals

Decision-making based on evidence through the integration of the international Development Agenda

GOAL 11 and The City Prosperity Initiative

GOAL 11 TARGETS

- 11.1 Adequate, safe and affordable housing
- 11.2 Accessible and sustainable transport systems for all
- 11.3 Inclusive and sustainable urbanization
- 11.4 Safeguard the world's cultural and natural heritage
- 11.5 Reduce the number of people affected by disasters
- 11.6 Reduce the environmental impact of cities
- 11.7 Provide universal access to safe public spaces
- 11.a Support links between urban, peri-urban and rural areas
- 11.b Increase integrated policies and plans towards mitigation and adaptation to climate change
- 11.c Building sustainable and resilient buildings utilizing local materials

CPI SUB-DIMENSIONS

- 1. Economic Strength
- 2. Employment
- 3. Economic Agglomeration
- 4. Housing Infrastructure
- 5. ICT
- 6. Urban Mobility
- 7. Public Space
- 8. Safety and Security
- 9. Land Use
- 10. Economic Equity
- 11. Social Inclusion
- 12. Gender Inclusion
- 13. Air Quality
- 14. Waste Management
- 15. Energy
- 16. Institutional Capacity
- 17. Municipal Finance
- 18. Governance of Urbanization

Local and national governments need to create the conditions for sustainable monitoring and reporting of SDGs

CPI can assist cities responding to the challenge

CPI added value

- ✓ Propose a systemic approach of the city.
- ✓ Provide a single composite value
- ✓ Establish global benchmarks
- ✓ Create baseline data and information.
- ✓ Provide a global platform for comparability.
- ✓ Identify priorities of sustainable urban development.
- ✓ Provide evidence-based for policy-making and accountability
- ✓ Create local/national monitoring systems.

11 SUSTAINABLE CITIES AND COMMUNITIES

SDG GOAL 11 MONITORING FRAMEWORK

February, 2016

A GUIDE TO ASSIST NATIONAL AND LOCAL GOVERNMENTS
TO MONITOR AND REPORT ON SDG GOAL 11 INDICATORS

MONITORING FRAMEWORK – DEFINITIONS – METADATA – UN-HABITAT TECHNICAL SUPPORT

UN-Habitat support in
the technical process:

- Metadata,
- Standards
- New indicators
- Global Databases
- Benchmarks,
- Disaggregation,
- Capacity-building
- Reporting,

Indicators with Spatial Component

Indicators with local source of data

Indicators with Spatial Component:

1. Definition of the urban agglomeration
2. Incorporation of new sources of data

(satellite imagery, open sources,
community base information, tools, etc)

DATA REVOLUTION

Indicators with local source of data:

How to aggregate at National and Global level?

How National Governments will integrate cities for National Reporting?

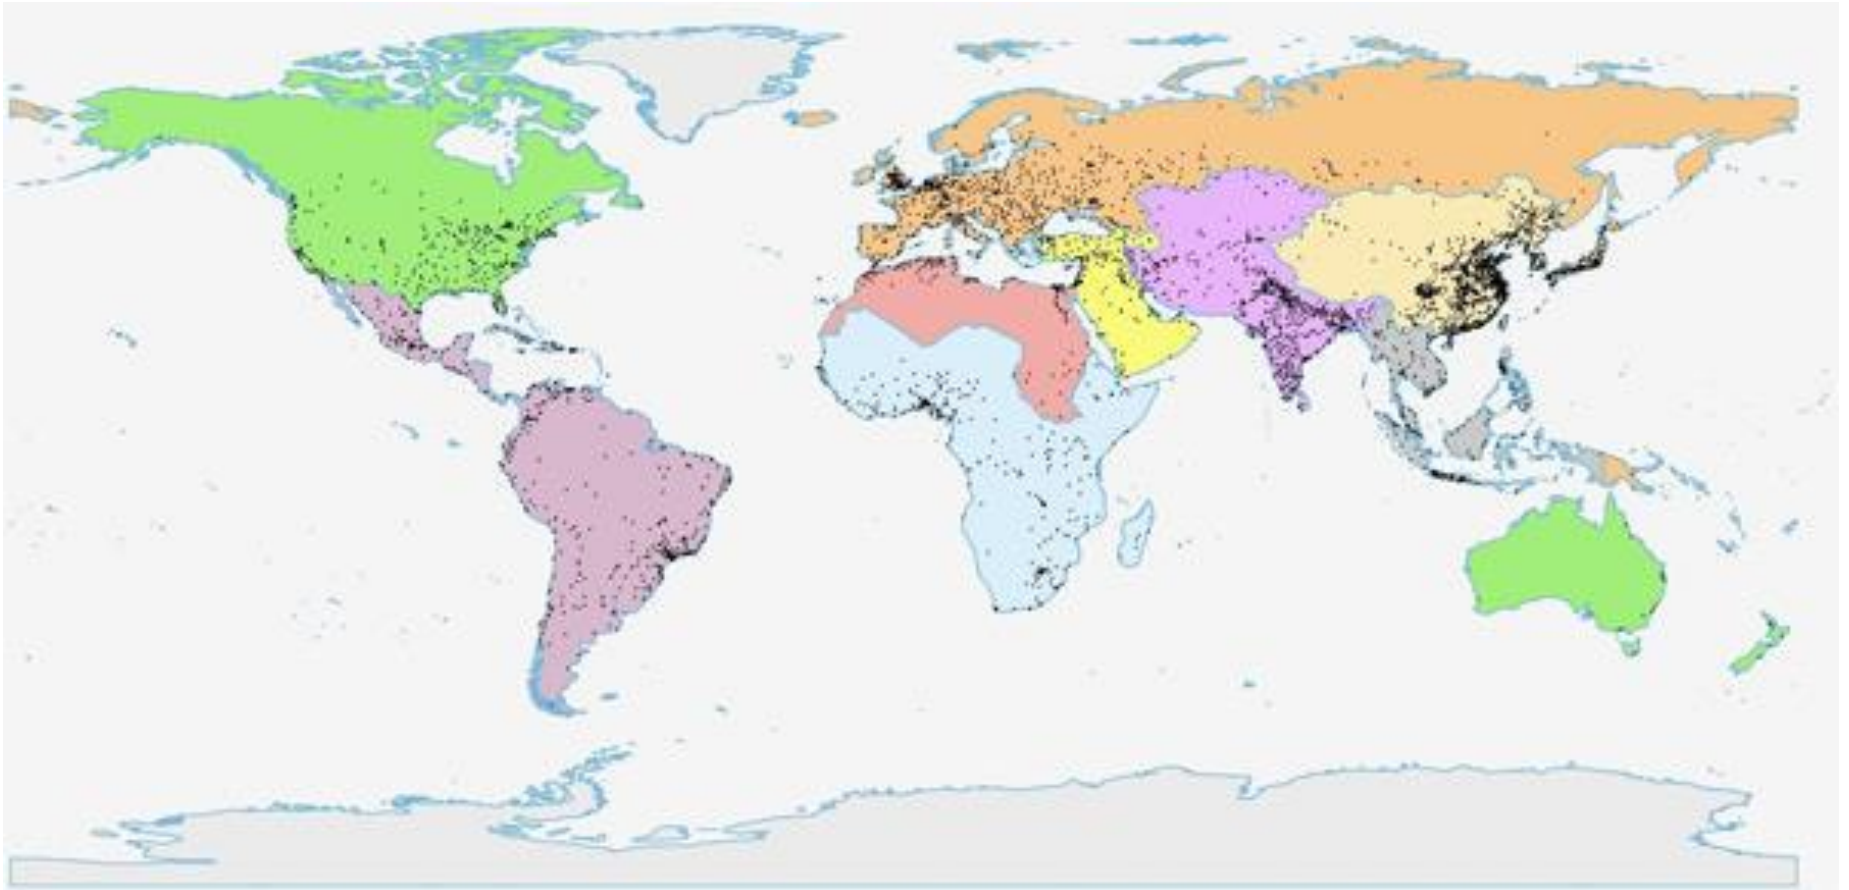

How well prepared are cities to collect data at local level?

UN-Habitat proposes a NATIONAL SAMPLE OF CITIES

Goal 11 cannot be achieved in isolation.

Each country will set its own targets, but baselines and global benchmarks are needed.

UN-HABITAT SUPPORT TO REGIONAL COMMISSIONS AND MEMBERS STATES ON SDGs and NUA

MONITORING AND REPORTING SDGS

The 2030 Agenda for Sustainable Development encourages member states to “conduct regular and inclusive reviews of progress at the national and sub-national levels, which are country-led and country-driven” (paragraph 79).

Voluntary National Reviews (VNRs)

- Facilitate the sharing of experiences, including successes, challenges and lessons learned.
- The VNRs also seek to strengthen policies and institutions of governments and to mobilize multi-stakeholder support and partnerships

Reports to be posted in the VNR database.

In 2018, **48** countries will present VNRs at the HLPF.

UN-HABITAT SUPPORT TO REGIONAL COMMISSIONS AND MEMBERS STATES ON SDGs and NUA

MONITORING AND REPORTING SDGS

High Level Political Forum on Sustainable Development (HLPF-SD)

UN Central Platform for follow-up and review of the 2030 Development Agenda:

- On-line platform
- Partnership framework
- Partnership data and exchange
- Capacity Development
- Topics (sectoral themes)
- Voluntary National Reports

Yearly Inputs
for SG Report

UN-HABITAT SUPPORT TO REGIONAL COMMISSIONS AND MEMBERS STATES ON SDGs and NUA

MONITORING AND REPORTING NEW URBAN AGENDA

“General Assembly to request the Secretary-General, with voluntary inputs from countries and relevant regional and international organizations, to report on the progress of the implementation of the New Urban Agenda every four years” (par. 166)

Quadrennial Report

- Provide a qualitative and quantitative analysis of the progress made in the implementation of the NUA and internationally agreed goals
- Coordinated by UN-Habitat in close collaboration with other relevant entities of the UN system (par. 167)

2 Reports:

1. Annual Report of the SG to the GA on human settlement activities
2. Quadrennial Report (First report in 2018)

There are 4 basic steps for getting started with SDG implementation in cities:

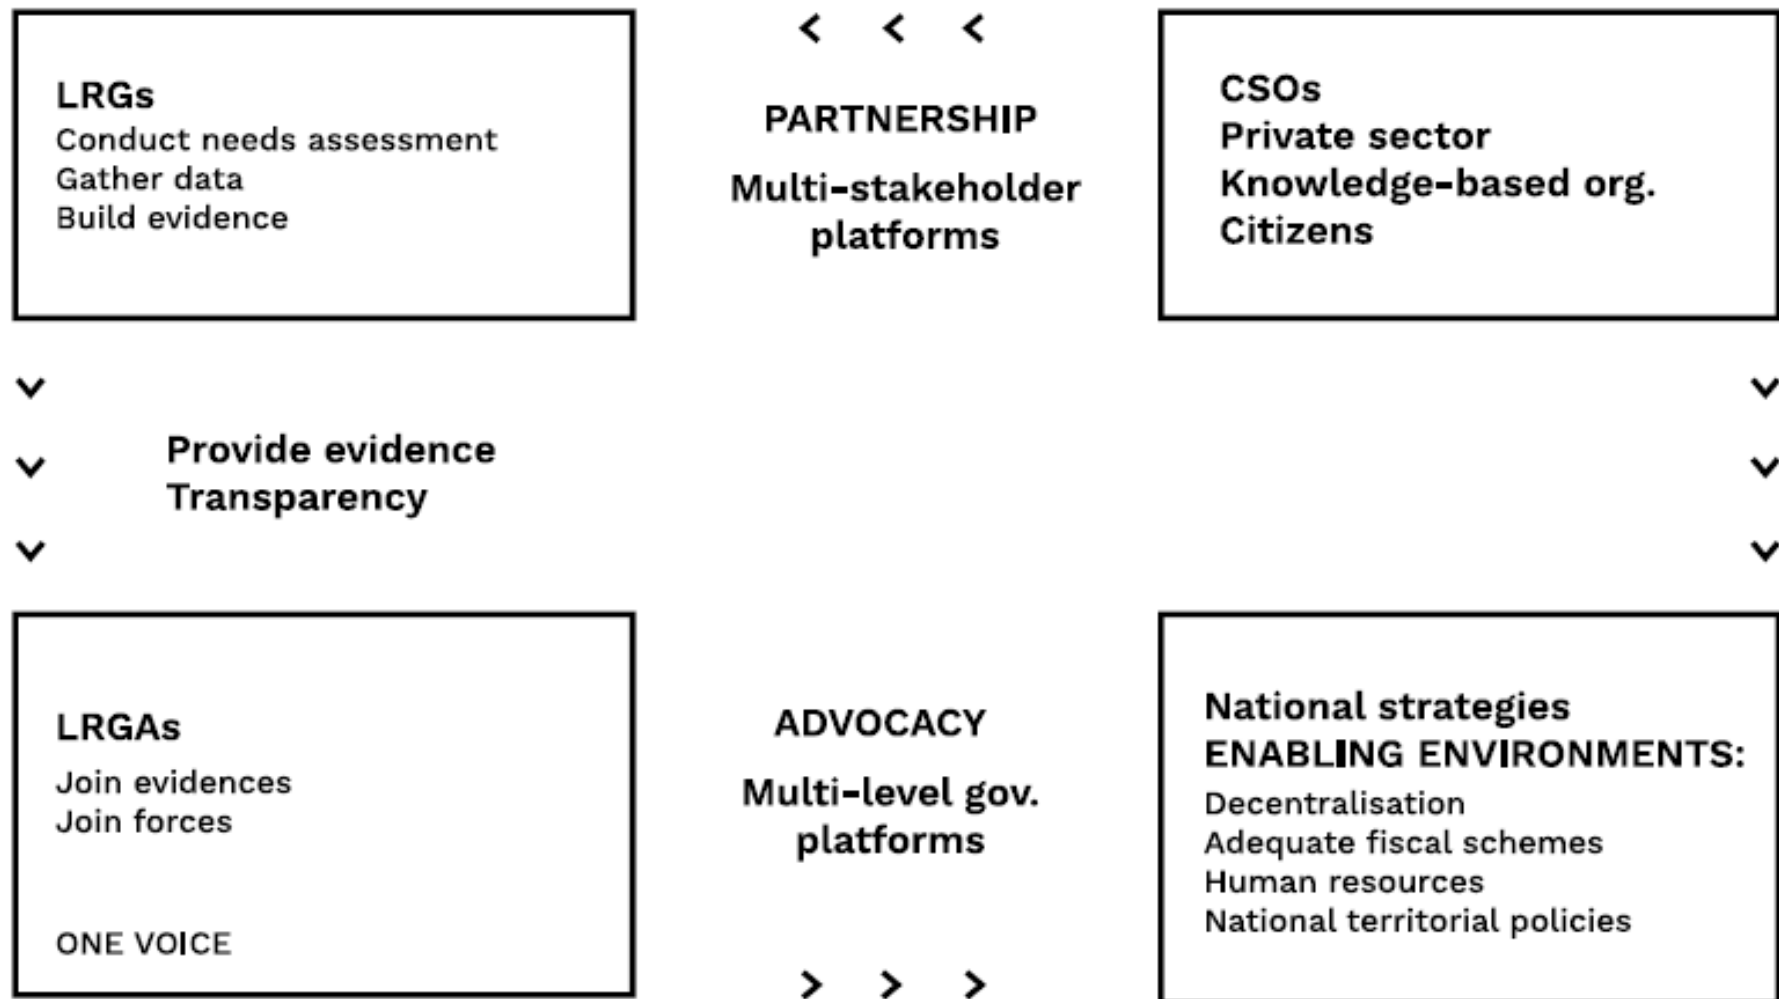

- i. **Initiate an inclusive and participatory process:** Raising awareness of the SDGs and engaging stakeholder collaboration to achieve the goals and targets.
- ii. **Set the local SDG agenda:** Translating the global SDGs into an ambitious yet realistic agenda that is tailored to the local development context.
- iii. **Planning for SDG implementation:** Deploying goal-based planning principles and mechanisms for more sustainable social, economic and environmental outcomes.
- iv. **Monitoring and evaluation:** Ensuring that SDG implementation remains on track, and developing local capacity for more responsive and accountable governance.

Figure 3 The Baltimore Goals. This Baltimore Goals graphic was developed as part of the USA Sustainable Cities Initiative (USA-SCI) led by SDSN and Climate Nexus, of which Baltimore will be a model city. The graphic successfully connects the global goals to the city level.

Box 15: Metro Vancouver's interconnected management plans

Figure 4 Metro Vancouver's interconnected management plans

Metro Vancouver's Regional Food System Strategy (RFSS) is one among a suite of interconnected regional management plans developed around Metro Vancouver's Sustainability Framework. The RFSS aims to ensure the long-term sustainability of the food system in the Greater Vancouver Regional District (renamed as Metro Vancouver), by integrating vertical policies between the different levels of government, and through integrated action between rural and urban municipalities within the Metro Vancouver region (25).

SDG targets	One NYC targets				
Target 1.2: By 2030, reduce at least by half the proportion of men, women and children of all	Lift 800,000 New Yorkers out of poverty or near poverty by 2025		Increase median household income from \$52,250		
Target 11.1: By 2030, ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums.	Accommodate 8.4 million households within the region by 2040, an increase of 1.1 million households units by 2040	Finance new construction of 80,000 affordable housing units and preserve 120,000 units by 2024	Preserve 120,000 of affordable housing by 2040.	Support creation of 240,000 new units by 2024; and an additional 250,000 to 300,000 by 2040	
Target 11.2: By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road	Increase rail transit capacity into CBD between 8-9am by 20%	Double the number of cyclists, tracked by the NYC In-Season Cycling	Ensure the average NYer can reach 1.8 million jobs by transit within 45	Increase the share of Myers that can access at least 200,000 jobs within 45	
safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons.	by 2040 up from 627,890 (trips, passengers?)	indicator by 2020 from 437 to 844	minutes by 2040, an increase of 25% up from 1.4 m	minutes by transit to 90% up from 83%	
Target 11.5: By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations	Increase the percentage of households in the 100-year floodplain with flood insurance policies up from 55%	Increase the square footage of buildings upgraded against flood risk.		Increase the number of homes elevated through the Build it Back Program, 31 underway	
Target 11.6: By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management	Reduce the city's greenhouse gas emissions by 80% by 2050 relative to 2005 levels	Achieve best air-quality ranking among major US cities by 2030 up from 4th		Reduce the city's greenhouse gas emissions by 80% by 2050 relative to 2005 levels	
Target 11.7: By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and	Increase percent of New Yorkers living within walking distance to a park from 79.5 percent to 85 percent by 2030
