AND STRONG  
INSTITUTIONS

**17** PARTNERSHIPS  
FOR THE GOALS

  
**SUSTAINABLE  
DEVELOPMENT  
GOALS**

## LANET UMOJA'S CHOSEN SDGs

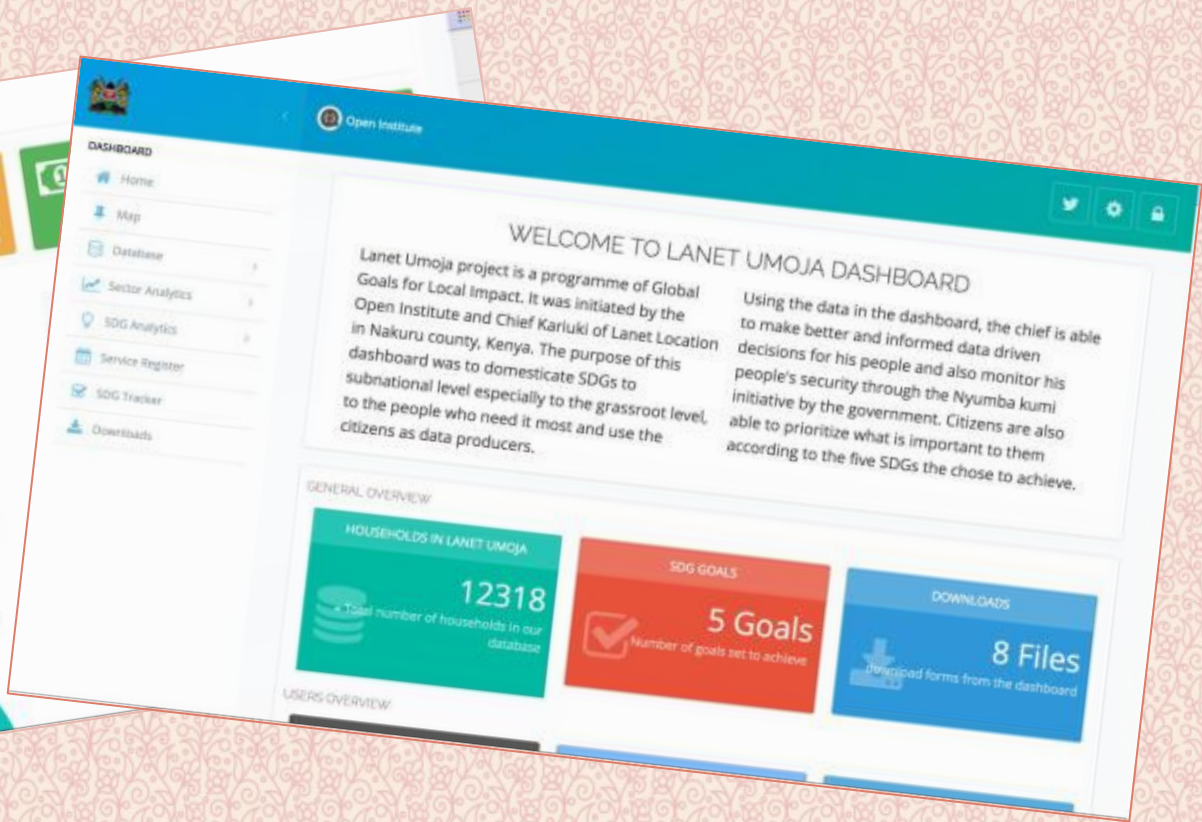

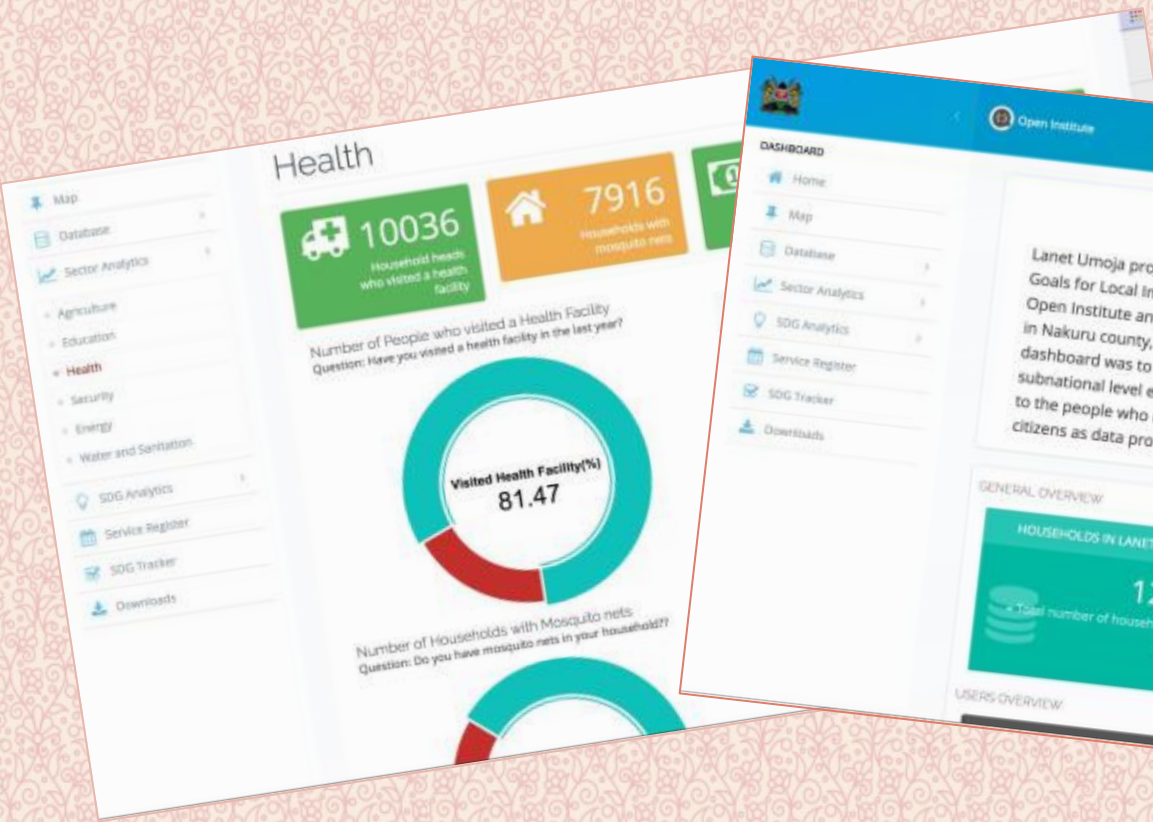

# What is the value?

1. Enable Chief to **achieve the Nyumba Kumi Goals** (Security/Know your neighbour)
2. **Micro-targeting solutions** by household to strengthen equitable development (Gov/Donors/ CSOs)
3. **Build Community confidence** in their capacity to contribute and control their own development narrative (“What can we solve for ourselves?”)
4. **Reduce wastage of resources** by ensuring they are used in specific places
5. **Enhance monitoring** of the Sustainable Development Goals implementation **ACCURATELY**

**Community Leaders Collecting Data**

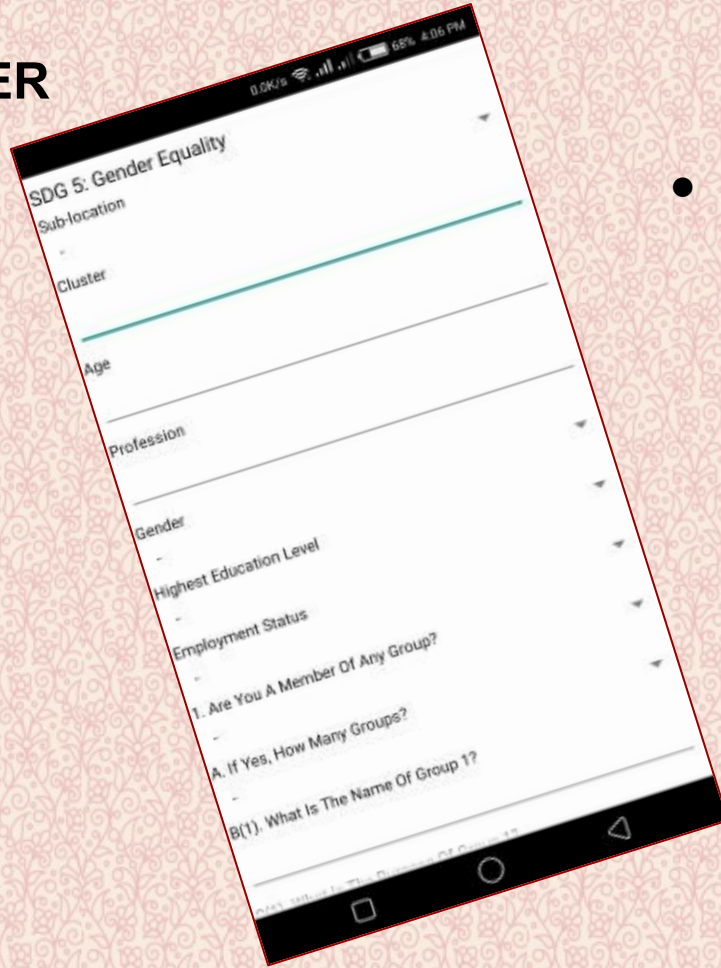

**MY DASHBOARD**  
<http://lanet.opencountry.org>

# GENDER

- We trained women on data and what it means to them
- Women agreed that men also have a role to play so **30% of the Lanet gender committee are men.**

# GENDER

- Data was collected by mobile phone by over 2000 women on all gender issues
  - Violence against women
  - Leadership
  - Value of unpaid domestic work
  - Etc
  -

## LANET UMOJA HOUSEHOLD DATA STORY

**Total Population:  
12,000 household  
52,000 people**

of the households stated  
having both parents

**mothers only:  
32.15%**  
**fathers only:  
21.91%**

**59.12%**  
**fathers are  
breadwinners**  
**39.69%**  
**mothers are  
breadwinners**

Those led by  
brothers, daughters,  
guardians, and  
sisters were all at  
5.56%

**44.44% were led by grandfathers,  
33.33% were led by grandmothers**

Global Goals for Local Impact Project,  
Open Institute. SDG work supported by  
Olivier Suterstoff.

## LANET UMOJA HEALTH DATA STORY

**Malaria affects more  
people in Lanet Umoja  
location at the beginning  
of the year and at the  
end of the year**

**TB affects more  
people in Lanet  
Umoja location  
in October.**

**There are no  
health centres in  
Lanet Umoja**

**54.64% of households in  
Lanet Umoja location  
have mosquito nets fitted  
in their households**

**17.86% of the  
breadwinners  
stated that they  
had contracted  
Malaria**

**About half of all households that  
reported having cases of malaria  
also reported not having mosqui-  
to nets fitted in the homes**

## LANET UMOJA WATER & SANITATION DATA STORY

**Almost every household  
has clean drinking  
water**

### Sources of water

**Most households (74.02%) in  
Lanet use latrines, 11.83% use both WHO  
and pit latrines, while 14.93%**

**Kiamunyeke has  
the highest  
number of  
children in ECD  
followed by  
Umoja then  
Murunyu**

**3,174 children in ECD**

**23%**  
of children have  
access to school  
feeding programme

**19.95%**  
have access to a  
Library at school

**32%**  
go to school with  
permanent built

**31%**  
have access

## LANET UMOJA GENDER DATA STORY

Global Goals for Local Impact Project,  
Open Institute. SDG work supported by  
Olivier Suterstoff.

**19.02%**  
have attended college  
and university,  
**63.19%** stopped at  
secondary  
school.

**Only 17.3% of land owners  
are female, 82.7% are male**

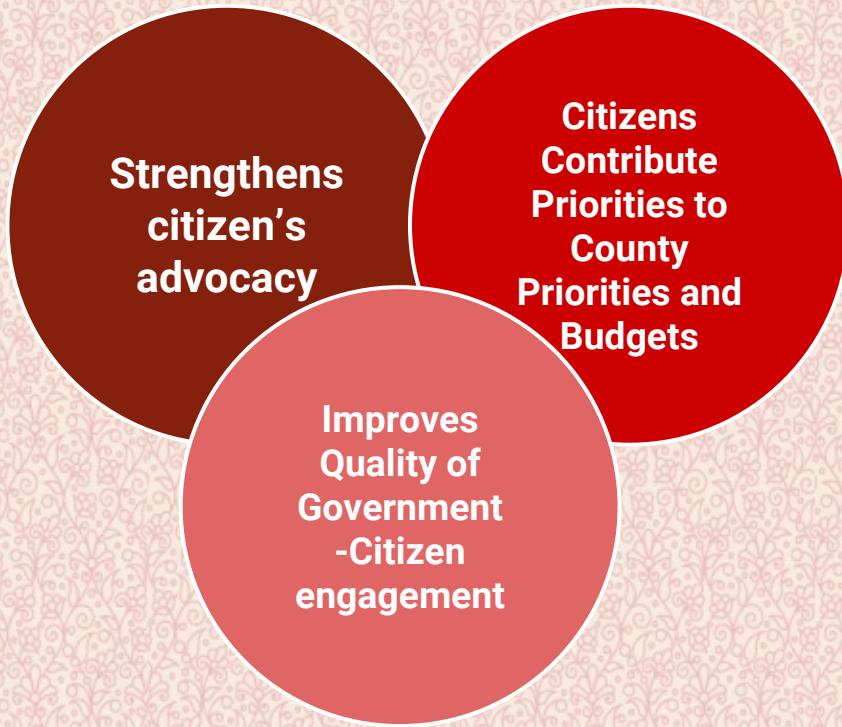

**6.2% of the female respondents reported having being  
physically abused, 1.21% of reported having being sexually  
abused, and 11.91% reported having being psychologically  
abused**

**75.54%**  
of women belong to at least one women's group group.  
Most of the groups in Lanet Umoja are merry-go-round  
chama groups. Investment groups are the least of the  
gender related groups.

# THE DATA

# How does this contribute to National Processes

- Citizens define their priorities for themselves for their area
- Citizens are empowered to communicate these priorities into the County Planning and National Planning processes (they start in January)

# Top Challenges

## Technology

- Mobile phones (need more and better phones)

## Social/Programmatic

- Skills uptake slower among (older) community leaders
- Need to strengthen participation of young people
- Statistical strength of the data collection efforts (partnership with Development Initiatives)

# IMPACT

- We now KNOW how many people in our location – we thought 29,000 people, 7,500 households but **we have 12,000 households and 50,000+ people**
- No clean water in any home – water filters in every home (over 12000 households, 50,000 people!)
- We know what our problems are and what needs to be fixed
- Citizen participation is HIGH

**Start with one Kenya Water Filters for every household.**
